HEALTH CARE

Cumbræ Lodge Care Home, Irvine

A home that feels *just right*

Our home is a purpose-built home situated in a quiet residential area in Irvine. It is very close to the town centre and a short walk away from public transport links making it easier for visitors to pop in.

Our dedicated team offers nursing care for those living with dementia, and for people with mental health conditions. We also provide specialist care and support for those with a life limiting illness.

Our chef and catering team work to create meals that are nutritious and tasty, using fresh seasonal ingredients. In addition, we celebrate a variety of occasions throughout the year, and offer a range of activities so residents are never without something to do.

“ Her treatment in the Jura Wing has been the best she has ever received; the staff, without exception, have been paragons of patience and kindness. ”

Our residents particularly like...

- Exploring the wonderful sensory gardens.
- Sitting out on the patio when the weather is nice.
- Being able to add personal touches to their rooms.
- The smell and taste of home baking.
- Enjoying activities with other residents.
- Watching movies in our very own cinema.
- There is always someone to chat to.

Variety every day

We have strong connections with the local community and our events and activity programme includes something for everyone with the opportunity for lots of socialising or quiet time if preferred.

If a resident has a hobby or pastime they enjoy, we'll encourage them to continue it with us. Or perhaps they may like to rekindle a love of something or possibly learn something new. The important thing is that we treat every resident as an individual.
